Deltic Announces New Vice President of Operations

El Dorado, AR - President and Chief Executive Officer, Ray C. Dillon, announced today that Kent L. Streeter will join Deltic Timber Corporation (NYSE – DEL) on November 16, 2003, as its Vice President of Operations. In this capacity, Mr. Streeter will be responsible for the Woodlands and Mills segments of the business. He will also be the Company's primary representative monitoring the operations of Del-Tin Fiber, its joint-venture medium density fiberboard facility.

Mr. Streeter holds a Bachelor of Science degree in Mechanical Engineering from Texas A&M University and has over 20 years of experience in forest products manufacturing facilities.

Concurrently, David V. Meghreblian will become Vice President of Real Estate. In this capacity, Mr. Meghreblian will be responsible for the Real Estate segment of the business, which encompasses the activities of Chenal Properties, Inc. and the Chenal Country Club, Inc. He will also be responsible for all timberland acquisitions and sales. Mr. Meghreblian has served in numerous capacities with the Company and its former parent for over fourteen years.

He holds a Master's degree in Geology from the University of Houston and a Master of Business Administration degree from the University of Texas.
